

# Pebble Path

Decorate a stone or pebble and contribute to our Pebble Path! Each pebble will be unique (just like you!) and can be decorated however you wish. Use paint, pens collage, whatever you can find around the house. Enjoy your pebbles at home and keep them safe. At a later date we'll ask you to send them into My Life and we'll join them together to make a beautiful, colourful path.

## Top tips!

- Any stone will do! Big, small, flat, round, bits of flagging...anything that can make a path.
- Paint your stone with PVA or emulsion paint before you start. This will seal the stone, meaning fewer coats of paint.
- Add a small amount of white paint to your coloured paint (just a bit). This will make your colours more opaque and will cover better.
- **Enjoyed it? Then make another one!** To make this work we need lots of stones made by lots of people!
